NOTICE TO ALL IMPORTERS OF AGRICULTURAL, ANIMAL OR SEAFOOD PRODUCTS

The Inspection Department TEZVT – LVV wishes to notify all importers of agricultural, animal or seafood products that the following conditions of import are now required:

1. All persons desirous of importing agricultural, animal or seafood products into St. Maarten must fill out an import application form.
2. All import application forms must be completed in a legible manner.
3. All sections of the application form must be completed.
4. Products or produce not listed on the application form but which appear on the aircraft or ship manifest will be denied entry into the country.
5. An import permit will be issued after the application form has been submitted and checked.
6. The import permit will be issued within five (5) working days of the receipt of the application.
7. Sanitary/Phytosanitary or other required documents must accompany all goods imported into the country.
8. Products or produce carrying insects or other pests upon examination will be denied entry into the country.
9. Products or produce found to be carrying soil on them will be denied entry into the country.
10. Importers are expected to adhere to all conditions of import.

Applications forms can be uplifted at;
